

Ghana National Single Window

“Implementation of the Strategic Action Plan & Roadmap”

BUY-SHIP-PAY Activities to Date

10 May 2017

- ❖ BUY SHIP PAY MODEL
- ❖ STRATEGIC COMMODITY
 - Export – Cashew Nut
- ❖ ACTIVITIES TO DATE

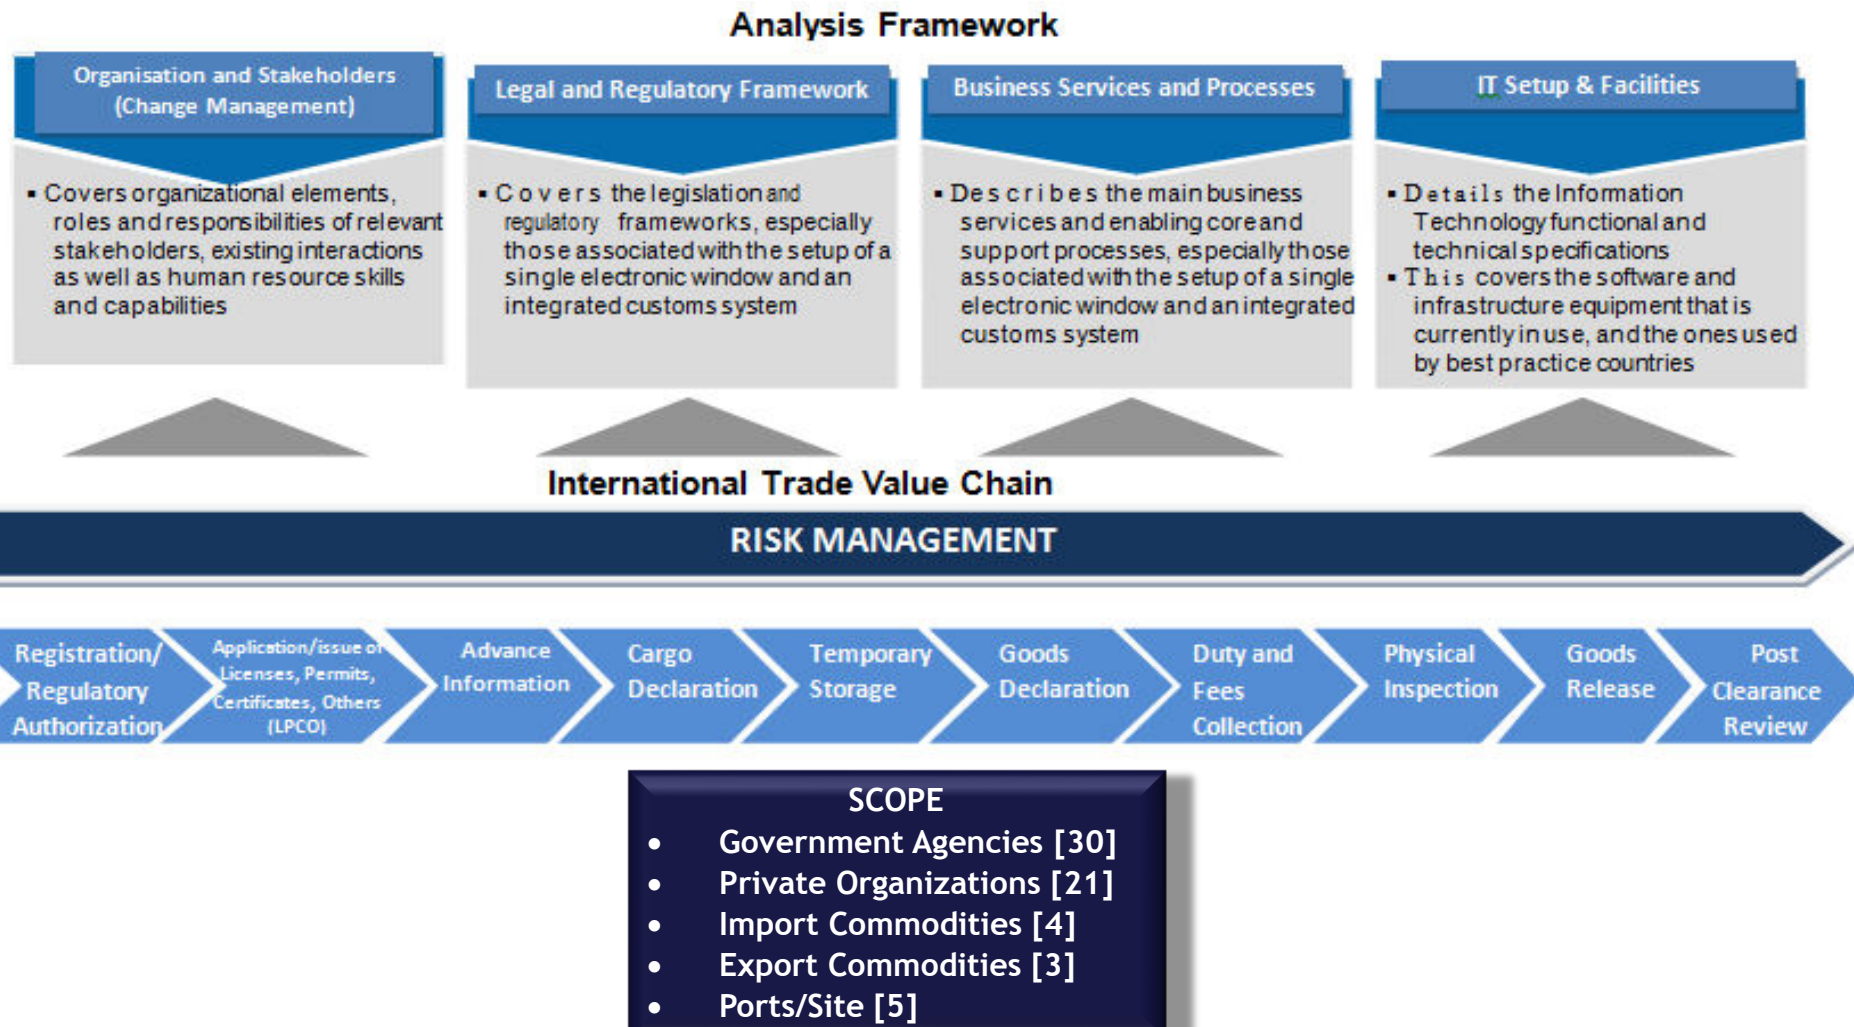

- The Buy-Ship-Pay model developed by UN/CEFACT describes the main processes and parties in the international supply chain
- The Buy-Ship-Pay model identifies the key **commercial**, **logistical**, **regulatory** and **payment** procedures involved in the international supply chain and provides an overview of the information exchanged between the parties throughout its various steps.
- The Buy-Ship-Pay model facilitates Business Process Analysis efforts in various ways (scoping, "To-Be")

INVOLVING

The analysis efforts will build on a framework that covers each of the 4 analysis dimensions (Organization and Stakeholder; Legal and Regulatory Framework; Business Services and Processes and IT Set Up and facilities) along the international trade value chain illustrated below
